Hi Rose,

I wanted to write you a quick note to say thank you for all your hard work last weekend. We could never have made it come together without you and all the amazing banquet staff! Everyone was so friendly and always there to help when I needed it (which seemed like a lot!). Some of those who I thought really went out of their way would be Randall, Brad & Herbert. Wayne also had some great decorating ideas, which was nice to see such enthusiasm in this area.

Anyways, I cannot say enough about how fantastic you and the rest of the staff were. Although I am not normally a wedding planner, I have worked at most of the hotels downtown and you guys are by far the best!

Thanks!!!! Jill.
